Environmental & Fair Trade Policy

One of the leading eco – conscious business in Ubud, we at Kafe believe that in order to have a harmonious accord between people and nature, all our activities must take the environment into consideration.

Our aim is to make our business accountable for its own actions in regards to our environment.

Kafe's policy :

- We purchase only 'Fair-Trade' products wherever possible.
- Use locally grown and / or organic produce whenever possible.
- Use locally manufactured sauce, spices, herbs, syrups, condiments, and / or organic packaged goods whenever possible.
- We promote local sustainable handicraft production and sale it through our business.
- Be proactive in promoting others, customers, & suppliers to follow our example.
- To increase awareness of environmental responsibilities amongst staff.
- Work and support locally NGO "Bali Cantik Tanpa Plastik to promote appropriate environment policies in Ubud and all over in Bali.
- Reduce use of plastic with no straw and bottle policy.
- Packaging – for take away containers are made from recycled paper.
- Work with CV Bali Peduli to minimize waste, pollution, to develop and operate effective waste management and recycling procedures.

- Use recycled and recyclable material where appropriate: choosing products and suppliers which minimize negative environmental impact, thereby promoting sustainable development.
- All used organic waste (coffee grounds, paper, vegetables, & meat) is composted or fed to pigs.
- Environmentally friendly cleaning products used wherever possible.
- Reduce water consumption with a purchasing policy that gives preference to those products and services, which cause least harm to the environment.
- Reduce energy (most of our light bulbs are LED and the energy saving type). As bulbs need replacing, we use only energy savers. We use also low energy appliances for the refrigerator.
- Avoid use, wherever possible of environmentally damaging substances, materials and processes.
- Bio systems – low impact septic systems with grey water.
- Our policy is (whenever practicable) to repair before renew.

We actively encourage feedback and the support of our customers, suppliers and staff, so that we may all help for a better tomorrow.
